

The German Society for Traffic Psychology Associated Member of CIECA

President Prof. Dr. Wolfgang Schubert

Vice-President MSc Wolf R Nickel

Secretary Dr. Karin Müller

Presentation of the DGVP in the Members' Forum during the CIECA
Congress in Istanbul, 14 June 2012

Overview

- Founded in 1999
- Non-profit
- Goals: Supporting research, training and practice of traffic and transport psychology (road, rail, water, air)
- Tasks: Advice for administrations, institutions, representatives from politics, industry and for the public; conduct of research and scientific symposia

Membership / Mitgliedschaft

- Membership requirement: substantial research contributions (list of publications), a doctoral or Masters degree
- Membership fee: 60€ annually
- Executive Board: President, Vice-President, Secretary, Treasurer, + 3 members-at-large (currently German, Austrian, Swiss)
- European membership: Austria, Czech Republic, Estonia, Germany, Poland, Slovakia, Switzerland, Italy
- Enhancing membership via TPI (Traffic Psychology International): A DGVP driven European effort

Network

- Universities in Europe and overseas; research institutions, individual researchers and scientists
- Safety oriented organizations (e.g. ETSC, DVR, VdTÜV, etc.)
- Publishers and companies (e.g. MOVING, ETRASA, Kirschbaum)
- Networking through organization co-organization of and participation in international congresses and symposia
- DGVP members participate in many national and international organizations

Congresses and Symposia

- Annual joint symposium of DGVP and DGVM (German Society for Traffic Medicine)
- DGVP members as speakers at Fit-to-Drive conferences (2006 – 2012)
- DGVP members contributing to ICADTS conferences

Expertise (choice)

- Risk assessment
- Driver Behavior
- Age-related questions and driving
- Development of countermeasures (e.g. rehabilitation)
- Project design
- Evaluation

The DGVP Proposition

- Responding to questions arising in CIECA : structural, behavioral
- Participation in working groups
- Assistance in working papers
- Active participation in CIECA congresses
- Project design and development
- Assessment of efficiency
